

DISCOVER YOUR PURPOSE

A welcome from OUR PRESIDENT

At Mount Marty College, *community* is at the foundation of everything we do, and we hope you will feel welcome from the moment you arrive. Starting with me, everyone on campus is focused on your success as we prepare you for life after college, service to the community and personal growth.

Here, you will discover your passions and learn to lead. We will prepare you to not only make an impact in your career, but also in the lives of those around you. When you join Mount Marty, you become part of our Catholic, Benedictine educational community, one that is committed to supporting you and your development as a person, as a student and as someone who will work to improve the world.

We truly believe these will be some of the best years of your life, and at Mount Marty, our mission is to help you discover your purpose and prepare you to lead a life that makes a difference.

I hope to see you on campus soon.

LEAD. SERVE. IMPACT.

Understanding life's big questions: The power of a Benedictine education.

The best college experience develops both the heart and mind. St. Benedict asks us to “listen carefully... with the ear of your heart.” At Mount Marty, you’ll be guided by his words as you focus on seeking to understand the world and your place in it. You’ll explore the lessons in life’s peaks and valleys — including journeys to the Grand Canyon and Rocky Mountains with your classmates — and participate in leadership retreats with great thinkers and scholars.

DISCOVER YOUR PASSION. FIND YOUR PURPOSE.

Know what you want to major in? Great. No clue? Don't worry. Use your time at college to explore and discover your passion. When you do, we believe you'll also find your purpose. Our goal at Mount Marty College is to help you do both.

Is your passion teaching? CONSIDER EDUCATION.

The best way to develop into a great teacher is to work with students in the classroom. Our unique emphasis on in-the-field experience puts our education majors in local schools from freshman to senior year — theories learned on campus come to life in practice. We are well-known for producing high-quality, confident and caring teachers.

GROW STRONG WITH OTHERS

At Mount Marty, you'll find a campus community that lifts you up. Walk across campus, and people know your name — from faculty and staff to the friends you'll have for a lifetime.

Mount Marty is a Catholic Benedictine college, but we are a family of many religions, differing beliefs and ideas. We grow stronger by learning through our differences and common humanity.

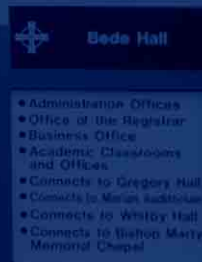

From student life activities to classes to joining your Mount Marty family for community service on Mission Day, these are the memories and moments you will never forget. This is the college experience that helps you grow into a person who will make an impact.

DISCOVER COMMUNITY

Mount Marty students find a supportive community on campus and in the surrounding area. Yankton is a charming community of 20,000 people — safe and welcoming — with amazing views of one of the last wild, free-flowing stretches of the Missouri River, an area so natural and pristine it has been declared a national park.

Our strong connections in the local business community mean valuable internships abound, and there are plenty of ways to give back. Prepare for your career, and make an impact while you do.

SERVICE TO OTHERS

Make an impact in college with local and regional service projects.

AN AFFORDABLE, VALUABLE EDUCATION.

Be a leader, serve others, and make a difference with your degree.

You've probably heard that all private colleges are expensive. But what is often overlooked is the value of a private college education.

A private Catholic, Benedictine college education provides you with the career skills to make a difference. Because we provide financial assistance to all of our students, we are an affordable college option.

On top of that, Mount Marty's financial aid team strives to find the best additional state and federal aid assistance for you and your family. All of this makes your investment as affordable, or in some cases, more affordable than other colleges you are considering.
